It takes a lot of general supplies to shelter 17 families. Just the simple day-to-day can add up.

Think of all the things you regularly use at home!

By donating these items to Ozanam, not only are you helping the shelter use monetary donations to keep the lights on, you are helping families take care of their most basic of needs and creating a space where they can focus on their housing goals.

In a year's time, Ozanam serves over
480
moms, dads and their children.
Thank you for your help in providing
a safe space for families.
